The vote is very close in this county with heavy Conservative gains. The Republicans confidently expected a thousand majority in this city, but received only 750. It is thought now that the two Conservatives have defeated the colored Republican candidates, and that Harris, the negro candidate for Congress, has lost the county by a small majority. The vote for senstorial candidates in Franklin county is very close, with the chances in favor of the Democrats. Rowan, Mecklenburg, Cabararas and Orange and Guilford counties has gone Democratic. It is said that in Alemance county the Conservatives were so intimidated, that they did not vote. The county went largely Republican. The vote in Franklin and Granville counties was very close. Democratic. RALEIGH, N. C., August 5.-In this county, it is thought the Republican ticket will average about 200 majority, with chances in favor of the Conservative Senatorial candidates. Telegrams received here indicate that the Conservatives have swept

the western portion of the State. Gillam and Rogers, Conservative candidates to Congress from this district, will probably be re-elected by five hundred majority. The present indications show the Conservatives have a handsome majority in Legislature on joint ballot, thereby securing the election of a Democratic U. S. Senator in place of Abbott.
